Registration**

PLAYER NAME _____ **Grade/Team** _____

Parent Name: _____ **PHONE:** _____

Address: _____ **City:** _____

Email: _____

Please list all emails that you would want to receive information about your daughter's team

Mercer Island Girls Select Basketball Club expectations are that MI Select Basketball will be each team member's number one priority sport during the winter basketball season. We recognize that many players are multi-sport athletes participating in fall sports and there may be some conflict in the fall as girls may be finishing up other sports commitments. With good communication with and advance notice to coaches, players will be excused from practices or games (tournament games) in October and November. Making basketball the number one sports activity during the winter season is essential to the success of both the team and your daughter. Missing practices and/or games during the winter season may affect game playing time.

The MI Girls Basketball team will take priority over any other basketball program. Players who want to have another basketball team take priority over MIGB are asked to not accept a position on an MIGB team. Doing so will not in any way affect the players ability to play in the Mercer Island High School basketball program.
